

## BRAINRush 2020

The beginning of a new decade of the 21st century has had its share of instilling fear and intimidation amongst us. But, we shall never forget, whenever humanity has faced a crisis, we have fought it and come across victorious together. We lost, but we won. 'Project Sahara' is an attempt to unite us for a cause. To provide aid to the people most in need of it. We aim to unite us and fight this pandemic together. BRAINRush, intends to activate your neurons and make you think out of the box taking you from the Great barrier reef to the Grand Canyon, from the Arctic circle to the Antartics, while you are still staying in your homes.

### **Platform:**

The treasure hunt will be hosted on a website, the link to which would be provided to the participants before the start of the event.

### **Time Duration:**

The hunt will begin on April 27, 2020 and will continue till April 29, 2020. Participants would be notified about the exact start and end timings over email.

**Registration Fee:** INR 30 per entry.

**Prize Pool:** INR 250

### **Rules and Guidelines:**

- This is an online treasure hunt, hosted on a website. Access to this website would be exclusive and only the participants have completed the registrations and the payment process will be allowed internal access.
- Before the event starts, all the participants would be provided the link and credentials to access the event website over email.

- While registering for the event, all the participants have to write their Date of Birth (DOB) in literal “DDMMYYYY” format (Eg: 24041998). Note that this is extremely important for you to get access to the website.
- In case of a tie, the participant having an earlier timestamp on the answered question shall be declared as the winner.
- In the rarest case if the timestamps also match, then there would be certain tiebreaker questions that would be considered to determine the winner.
- During the course of the treasure hunt, you are allowed to use any resources you want, although discussing with other participants is prohibited to maintain the integrity of the event.
- All the answers to the clues contain **only lower-case english alphabets and decimal numbers (without any “space” or special characters)**. All the answers not adhering to this rule would be considered incorrect.
- The answers might contain only lower-case english alphabets or only decimal numbers or a combination of both.
- You have infinite chances to submit your answer to the clue.
- For any disputes, you are supposed to send an official email to us or contact us on the instagram page of Project Sahara.
- In any other disputes, not mentioned explicitly in this document, the decision of the organizers would be final and binding.

**During the course of the event, hints to the questions will be posted on the instagram page of Project Sahara. Follow @project\_\_sahara if you want an edge over the others.**
